

Public Water System Drinking Water Awards - 2004

In The Main - Spring 2004, By Marie Tennant

The first week in May is heralded as National Drinking Water Week. Massachusetts celebrated by holding an awards ceremony on May 4th at Massasoit Community College Conference Center in Brockton for the Community and NTNC systems that have consistently had the best compliance records over the years. These systems were honored by receiving an award certificate and a copy of Governor Romney's Drinking Water Day Proclamation. There were also several State Representatives in attendance that had given citations to the winning systems in their districts. EPA presented awards to 2 Environmental Educators that have done an exemplary job this year teaching school children about the environment; Barbara Sabulis at Ella F. Hoxie Elementary School in Sagamore Beach and David Luther of Burlington High School.

DEP's Commissioner, Robert W. Golledge, Jr. was this year's keynote speaker. Other speakers included Glenn Haas, Director of DEP Watershed Management; Steven Sullivan, President of Massachusetts Water Works; John Yunits, Mayor of Brockton; Duane Knapp, Northeast Rural Water Association Board of Directors; Karen Koller Executive Director of RCAP Solutions; Thomas Newton of Western Massachusetts Water Works Association; David Masciarelli from Plymouth County Water Works Association; Craig Wiegand from Barnstable County Water Utilities Association; Raymond Raposa Executive Director of New England Water Works Association and Kevin Reilly from EPA-Massachusetts Drinking Water Manager. This year's winners are listed below. Join us in congratulating these fine systems.
